MY HOPES FOR UNIFICATION

As many of you know, I was surprised when Reverend Brian Kachikis endorsed me for Pontifex Maximus of the Church. I was honored that he would recognize my achievements for Creativity in this way, and happy that an esteemed Creator such as himself thought me worthy of this task. I hadn't really thought about being Pontifex Maximus before that time. Those of you who have our first Creativity-sponsored issue of this newsletter (July 1995) will note that I expressly disclaimed leadership of the Church of the Creator and that I would be hard-pressed to be able to put forth the necessary time to fill this role even if I were offered supreme leadership.

However, since Brian's letter, I have thought deeply about this and realize that time really is a plentiful entity once one knows how to organize it, and that my commitment to Creativity and to all of you knows no bounds. As a completely practical matter, I know my schedule, and I know that time can definitely be made, as it already has been made in the building of our New (now World) Church of the Creator. Also, most importantly, I realize that Creativity is in dire need of one leader now who will be able to coordinate all activities of the Church for maximum effect. I believe that I have the capability, the energy, and the determination to bring the branches of Creativity back together, end the bad blood which has occurred between some of the branches and members, and recapture the ground we have lost and lead Creativity forward to heights yet witnessed. I believe that I am the "great promoter" whom Ben Klassen had searched for, but in vain. Unfortunately, during his life I was still committed to a political, rather than religious solution to the problem.

Many of you reading this, including my fellow Reverends, have expressed your support of me becoming Pontifex Maximus, and I wish to thank you for that support.

Before Ben Klassen died, he instructed that a *Guardians of the Faith* committee be established to insure that our creed be untampered with and that there be an orderly chain of succession. I am therefore entrusting the Guardians of the Faith with this decision, which should be made soon. From what I understand, there is a very good chance that I will indeed be appointed Pontifex Maximus. In any case, I will continue to do my utmost for Creativity, the religion whose success will decide the future of our beloved White Race.

Recently, on a brisk Sunday morning, my wife and I attended a church service unlike any other service we had attended before. Also, in the recent past, we had attended services in the so-called "Christian Faith." During this time, we had found ourselves attending so that we would "fit in" and also, spiritually find ourselves. In these services, I found myself feeling as I did when this quest had been tried in years gone past. I found myself watching others from the gathering pray and sing to someone or something that, with all my might, I could not bring myself to do. All of their actions were directed toward a book, a book that no person has ever brought forward any evidence that any written scripture in it has even an inkling of truth to it. "Fitting in" was not in the cards. I felt alienated, even silly. My wife, Jennifer, let me know before this, how it was going to be. Still, she played along and went with me. Soon, the effort was no longer within us.

As time went by, fate happened to bring us another religion that we could ponder. This religion felt natural. It had substance which not only could we have faith in, but its scripture was backed by known facts and common sense.

On that brisk Sunday morning, we attended a service for The Church of the Creator. The service consisted of sermons and the reading of the church's commandments. The text consisted of Nature, Race, and what is happening to our Mother Earth.

Before us were people that we could finally "fit in" with. It was easy to "believe" in this religion, for I have seen nature before my very own eyes and I am of the White Race. This pondering will no longer be within us, for we know where we truly belong.

Reverend Hale has introduced us to a way of life that has always been in my heart. I believe that this has always been suppressed within me so that I would not be going against the grain.

Only now it is realized that against the grain is what is real, and I am not alone with my heartfelt feelings that have grown within me, in time, due to facts and personal experiences.

The "Christian Faith" is letting the bad walk all over us. I will not have my children and grandchildren watch me "turn the other cheek" nor will they see me "love thy enemy."

Religion is one of the most important aspects of a person's life. Jennifer and I have found "heaven on Earth." It is Creativity, and it is purely natural.

White people must unify

It is interesting that the recent Million Man March, seeking the betterment of the black race, brought commendations from all of the powerful institutions in this country: the media, the churches, businesses and the government. And yet, let us ask ourselves, if someone had called for a million-man march for the unity and betterment of white people, would the reactions of these institutions have been the same? It is a fact in this country that you can be pro-black, pro-Jewish, pro-Hispanic and receive nothing but praise, but if you dare to speak out on behalf of your white race, you can expect to receive nothing but criticism.

Despite these criticisms from anti-white institutions, our white people must begin to unify as the other races have done if we are to have any kind of future in America at all.

It has been reported that within 50 years, our people will be a minority in this country. When this happens, will it be payback time, as I have heard blacks call it, time to get even with whities? Will we face the same oppression that non-whites have accused us of perpetrating on them?

Let's not wait and find out or let our children and grandchildren deal with it. Let's band together as white people with a common cause: guaranteeing the rights and future of our people in America.

CHURCH NOW CALLED THE WORLD CHURCH OF THE CREATOR

In hopeful anticipation of the likely, impending unity between all branches of Creativity, and because we wish to make it clear that our Church is international in scope, our Church has been renamed, The World Church of the Creator. Having this name will also (provided that unity is achieved) make clear that East Peoria is indeed the location of the trunk of our Creativity tree, with branches spreading out all over the world. All of these branches may be known simply as "The Church of the Creator," or possibly have their locations mentioned, such as "The Milwaukee Church of the Creator."

Also, the name The New Church of the Creator is no longer appropriate for the fact that our Church is no longer "new." Also, there are many comrades of the "old" Church of the Creator who have joined with us in our efforts.

We definitely want to spread Creativity outside the shores of the United States. There is particularly great potential amongst our White Racial Comrades in Eastern Europe who may not feel comfortable with National Socialism or the swastika per se, but whom would be receptive to an all-embracing White religion like Creativity.

PRISONER'S FUND ESTABLISHED

Many of those who write the Church on a regular basis are unfortunately behind bars. Some of them are there for violently resisting the subhuman savages, for protecting their families, etc. Others are there because they truly committed crimes against society and are justly punished. What unites all of these prisoners is that they all care about the White Race. Whether they did before or after they became incarcerated is of no concern, for our job is indeed to inculcate our White Racial Comrades with Creativity, whatever their status may be.

However, in its battle, the Church must be sparing in its resources, and make sure that the vast majority of its resources go towards straightening out the thinking of our befuddled people. The proceeds from every donation we receive, whether for books, tapes, subscriptions, etc., goes towards this necessary goal: straightening out the thinking of our Race.

Many prisoners are unable to contribute financially to the Cause, but wish to receive materials from the Church, such as books and newsletters. The Church does not have the resources to do this. However, what we are doing now is giving you, fellow Creators, the chance, if you so wish, to purchase these items for prisoners. We are therefore establishing a "Prisoner's Fund." If you order materials from the Church, and you would **like** part of your donation to go to this fund, simply say so and it will. We will be compiling a list of prisoners, and Church materials will be distributed evenly to them.

Prisoners should still try to pay for their requested materials, if not with cash or check, then with the same amount in postage stamps. Barring this, they should try to get someone on the outside to forward these funds for them.

As it has always been the policy of our Church to send an initial free newsletter to all who request it, this newsletter will be sent to all prisoners who request information from here on out.

CONFIDENTIAL MAIL FORWARDING

Another new project we are starting is a confidential mail forwarding service. This service will also be of particular benefit to prisoners (prisoners usually cannot write each other) but will also be of benefit to all those who for whatever reason, do not want their letters sent from their own location.

Anyone who would like to have their letter (keep it to a maximum of four separate pages) forwarded should send \$1.00 per letter or three \$.32 stamps. Be sure to include the full address of the person you would like it sent to.

The Program to Overcome the Tyranny and Violence Against the White Race

Our program to overcome the tyranny and violence against us must proceed in the following order, from one emergency to the next.

1. It is not our objective to declare a war of violence against the Jews, niggers, and other mud races. We will assert ourselves non-violently but **be adamant in our pursuit to freely practice our religion as guaranteed by the First Amendment to the Constitution**. We will demand, as everyone else, the right to peacefully assemble, as guaranteed by the Constitution, and the right to organize.
2. As we organize our churches, **we will distribute NATURE'S ETERNAL RELIGION and THE WHITE MAN'S BIBLE, until we have placed a copy in the hands of a majority of our White Racial Comrades**. We will make sure every White man, woman, and child understands the Jewish conspiracy that is now upon us.
3. As the White Race becomes **united, informed, and aroused, we will boycott every Jew and every aspect of Jewish influence** in our society. This includes boycotting the Jews in business, in their professions, in their political activities, in education, in religion, in the news media, theater, etc. Not only will we boycott them, but **we will expose them, point them out, and wage propagandawarfare** against them, just as they are presently doing against the White Race. This we can do legally and very effectively once we get our religious structure organized.
4. We thereby intend to **drive them from our society in all phases of influence and power**, just as Hitler did in Germany. We will **let them peacefully "wither on the vine,"** or let them peacefully migrate to Israel where the Arabs can contend with them. In no case will we any longer subsidize them, do business with them, or allow our White Racial Comrades to be used as victims to promote the welfare of these parasites on our backs.
5. Once we have driven them from political office, **we will follow this up with legal measures to forever exclude the Jews from positions of power or influence in government, education, propaganda, arts and theater** or any other meaningful influence in our society, as did Hitler in Germany, and as did the Byzantine Empire over a thousand years earlier, and as the bandit state of Israel has done to all peoples who are not of Jewish birth.
6. In the meantime, while we are still in the process of gaining control of our own destiny, in no case will we ever surrender any of our guns or weapons, under any pretext, ruse, or semblance of law whatsoever. Never, never, never, not even one gun. The Second Amendment gives us the constitutional right to keep our guns, and we damn well mean to exercise that right at all costs.
7. **So far, everything is legal.** We have demanded nothing more than our Constitutional rights, the same as every other citizen. We hope we need go no further.

Now we come to the crux of our position: **Should the Jewish government use force to violate our Constitutional rights** to freely practice our religion; to peacefully assemble; to peacefully organize; to distribute our White Man's Bible; to use mails and any other prerogative in promoting and expanding our legal religious organization and the full practice of our religion, **then we have every right to declare them as open criminals violating the Constitution and the highest law of the land. They then obviously are the criminals, and we can treat them like the criminal dogs they are and take the law into our own hands.** This is the obvious, logical thing to do. We must then meet force with force and open warfare exists. It will then be open season on all Jews.

8. Should the Jews use assassination against our members, or our leaders, then the White Race must meet fire with fire, and **retribution and vengeance will be our answer**. For every one of ours they kill, we will exact ten times their number, starting with the rabbis. When law and persuasion no longer protect our rights to survival, then we must--as free, courageous, intelligent people have done through the ages--turn on our tormentors with a furious vengeance and destroy them down to the last man. This is the thing the Jews fear above all- violence directly against their race, and rightfully so. With our superior numbers and fighting qualities, the Jews would be wiped out mercilessly, should they violate our Constitutional rights and inflict violence against us.

How About A Little Honesty?

(to the White public)

By Creator Tom Walsh

The current crumbling of our country's infrastructure is no great mystery. There is no need to summon "experts" in sociology, economics, or politics in order to discover the root of that which ails us as a nation. A simple return to honesty, both with ourselves and those around us will suffice as a starting point toward national strength resurgence.

We have, for a long list of absurd reasons, become a nation of placators and patronizers. We have cast aside common sense, not to mention thousands of years worth of historical and evolutionary proof in order to appease the weak and coddle the inferior. Through such ludicrous practice, we have not only put a great damper on our continued advancement, but indeed have caused ourselves to devolve and as a result have begun to lose our grip on the handle of supremacy that is ours by virtue of blood and birth.

At what point and for what purpose did it become inappropriate to state facts? What manner of lunacy has incited so many of our Kindred to this riot of stupidity?

It is no lunacy. No one has taken leave of senses. What so many of you have taken leave of is your backbone! You have allowed your weakness for material possessions and your desire to live "easy lives" strip you of your honor and your courage, and as a result, you've succeeded in nearly destroying, in a few short years, what it took our ancestors thousands of years, much blood and many tears to build.

Do you find me harsh or audacious for speaking to you as such, my Kindred? I take no pleasure in berating those I love and I'd much rather be spending this time and effort in the education of our offspring or the like, but you have made it necessary that we cease progress in order to remind you of who we are.

Ashamed is what you should be, not because, as the "politically correct" trash tell us-that our ancestors conquered and ruled oppressively with a cruel and heavy hand, but because you allow the dogs we once kept underfoot to share in our spoils. To make matters worse, you give in to the traitorous rhetoric and animalistic posturing and even allow the mongrels to now claim participation and contribution in our endeavors! These things you concede because a few bi-ped freaks burn their own neighborhoods? or because a few kike-sponsored "traitorticians" purport that it's the "right" thing to do?

The right thing to do is to quit lying to yourselves and each other, to quit placating inferior life forms at your kindred's expense, and to resume your journey on the path of supremacy as your ancestors intended!

"Preparing A Place"-by Tom Walsh

Securing a place for White children of tomorrow
This task we are charged with, my kin
A White Utopia without want or sorrow
A place where we'll flourish again
Who, I ask you, can truly dispute
The superior genes we possess
And who are these traitors who dare to refute
Our right to protect such, confess
Why, I ask you, my kin
Do they seek to deny us our throne
Could it be that their blood was tainted back when
They will reap from the seeds they have sewn
Take a good look around, take an accounting
Of hearts which are true or are not
For as I speak the tensions surmounting
All else we have felt or we've sought
Our task is not simple, nay, easily gained it won't be
Many tears and much blood shall be shed
But the White wonderful world tomorrow's children shall see
Will make worth each hard mile we must tread.
